**Dr. Thomas Schlegel**

[Thomas.Schlegel@vis.uni-stuttgart.de](mailto:Thomas.Schlegel@vis.uni-stuttgart.de)

Dr. Thomas Schlegel is leader of the Interactive Systems Research Team and responsible for the field of Interactive Systems. He holds a postdoctoral position at VIS since 2008. He received his Dipl.-Inf. degree in Computer Science and his doctorate in Engineering from the University of Stuttgart and worked in Companies like HP, Agilent Technologies and Daimler. His research field is interactive systems and human computer interaction with focus on model-based and generative user interfaces, multimodal user interfaces and semantic models in interaction.

**Prof. Bernard Grabot**

[bgrabot@aliceadsl.fr](mailto:bgrabot@aliceadsl.fr)

Bernard Grabot is Professor in the National Engineering School of Tarbes (ENIT). His focus is on Planning and Scheduling, Supply Chain Management, Competence Management and ERP systems. Prof. Grabot is Director of the federation of research laboratories "Iode". He is Deputy Editor in Chief of the IFAC international journal "Engineering Applications of Artificial Intelligence", and member of the IFAC technical committees on "Cognition and Control" and "Manufacturing Plant Control".

**Dr. Timo Määttä**

[timo.maatta@vtt.fi](mailto:timo.maatta@vtt.fi)

Dr. Timo Määttä is Leader of the Virtue "Virtual Manufacturing" of VIMation. He is a Technology Manager in the field of Manufacturing Systems at VTT – Technical Research Centre of Finland Finland and has a background of Mechanical Engineering with over 20 years of experience in production development. His main research areas include Digital Engineering, Factory of the Future, Safety Engineering and Virtual / Augmented Reality industrial applications, where he is also active in I\*PROMS Network of Excellence.

**Prof. Vinesh H. Raja**

[Vinesh.Raja@warwick.ac.uk](mailto:Vinesh.Raja@warwick.ac.uk)

Professor Raja is a Professorial Fellow at the University of Warwick. He is in-charge of the Informatics Group and focuses on augmenting and extending everyday, learning and work activities with interactive technologies. Prof. Raja has taught in many institutions: Hong Kong Polytechnic University, Jilin University, Universiti Teknologi Malaysia and Chulalongkorn University in Thailand. He has received several fellowships, awards and honours for scholarship, research and practice in Informatics and Technology Innovation.
